We had a good meeting today. It is evident, that Szijjarto wants to do the deal. They had a positive discussion on the details. He asked for a brief paper on our offer, will discuss it on Friday with the PM, and will get back to us. Yakov will prepare the paper tomorrow morning, send it to Peter, who will comment on it, and deliver it to Szii ASAP.
Szijjarto said later to Peter that they will do the deal and also promised Peter to set up a meeting of with the two V's and you. He will get back to Peter on Friday with a date for the summit meeting.
